

**EXPERTS IN POLITICS,
ECONOMICS, AND
SECURITY**

EPES Mandala Consulting is an experienced, multi-national team working for disarmament, peace and development. Our African roots go back to the 1991 democratic revolution in Mali and armed conflict in the Sahara. **In 1996 we lit our first Flame of Peace in Timbuktu,** destroying rebel and army surplus small arms and light weapons (SALW). We have worked on peace building in Sierra Leone and Guinea Bissau, Cambodia, Sri Lanka, Afghanistan and Somalia, and in the Balkans, **evolving a conflict transformation methodology with a non-military approach to disarmament, peace and development** that can be applied in many war torn societies.
